

June 30, 2026

Camino Crossing Project Update: Information Session

Lily Oswald, Multimodal Manager
Matthew Scott, Capital
Improvements Program Manager

Welcome!

The presentation will
begin at 5:30PM

BACKGROUND

Project Foundation

20+ years of community feedback, safety concerns, adopted plan inclusion, and design concepts

Design paused while site conditions changed:

DFPD Station No. 2,
City offices moved,
Stormwater facility constructed,
Powerhouse Childcare Facility

2023-2026

2026

City Council approved funding for design to proceed in earnest

Staff working with engineering team (SEH) to proceed with design plans, considering context (surrounding site, underground, requirements)

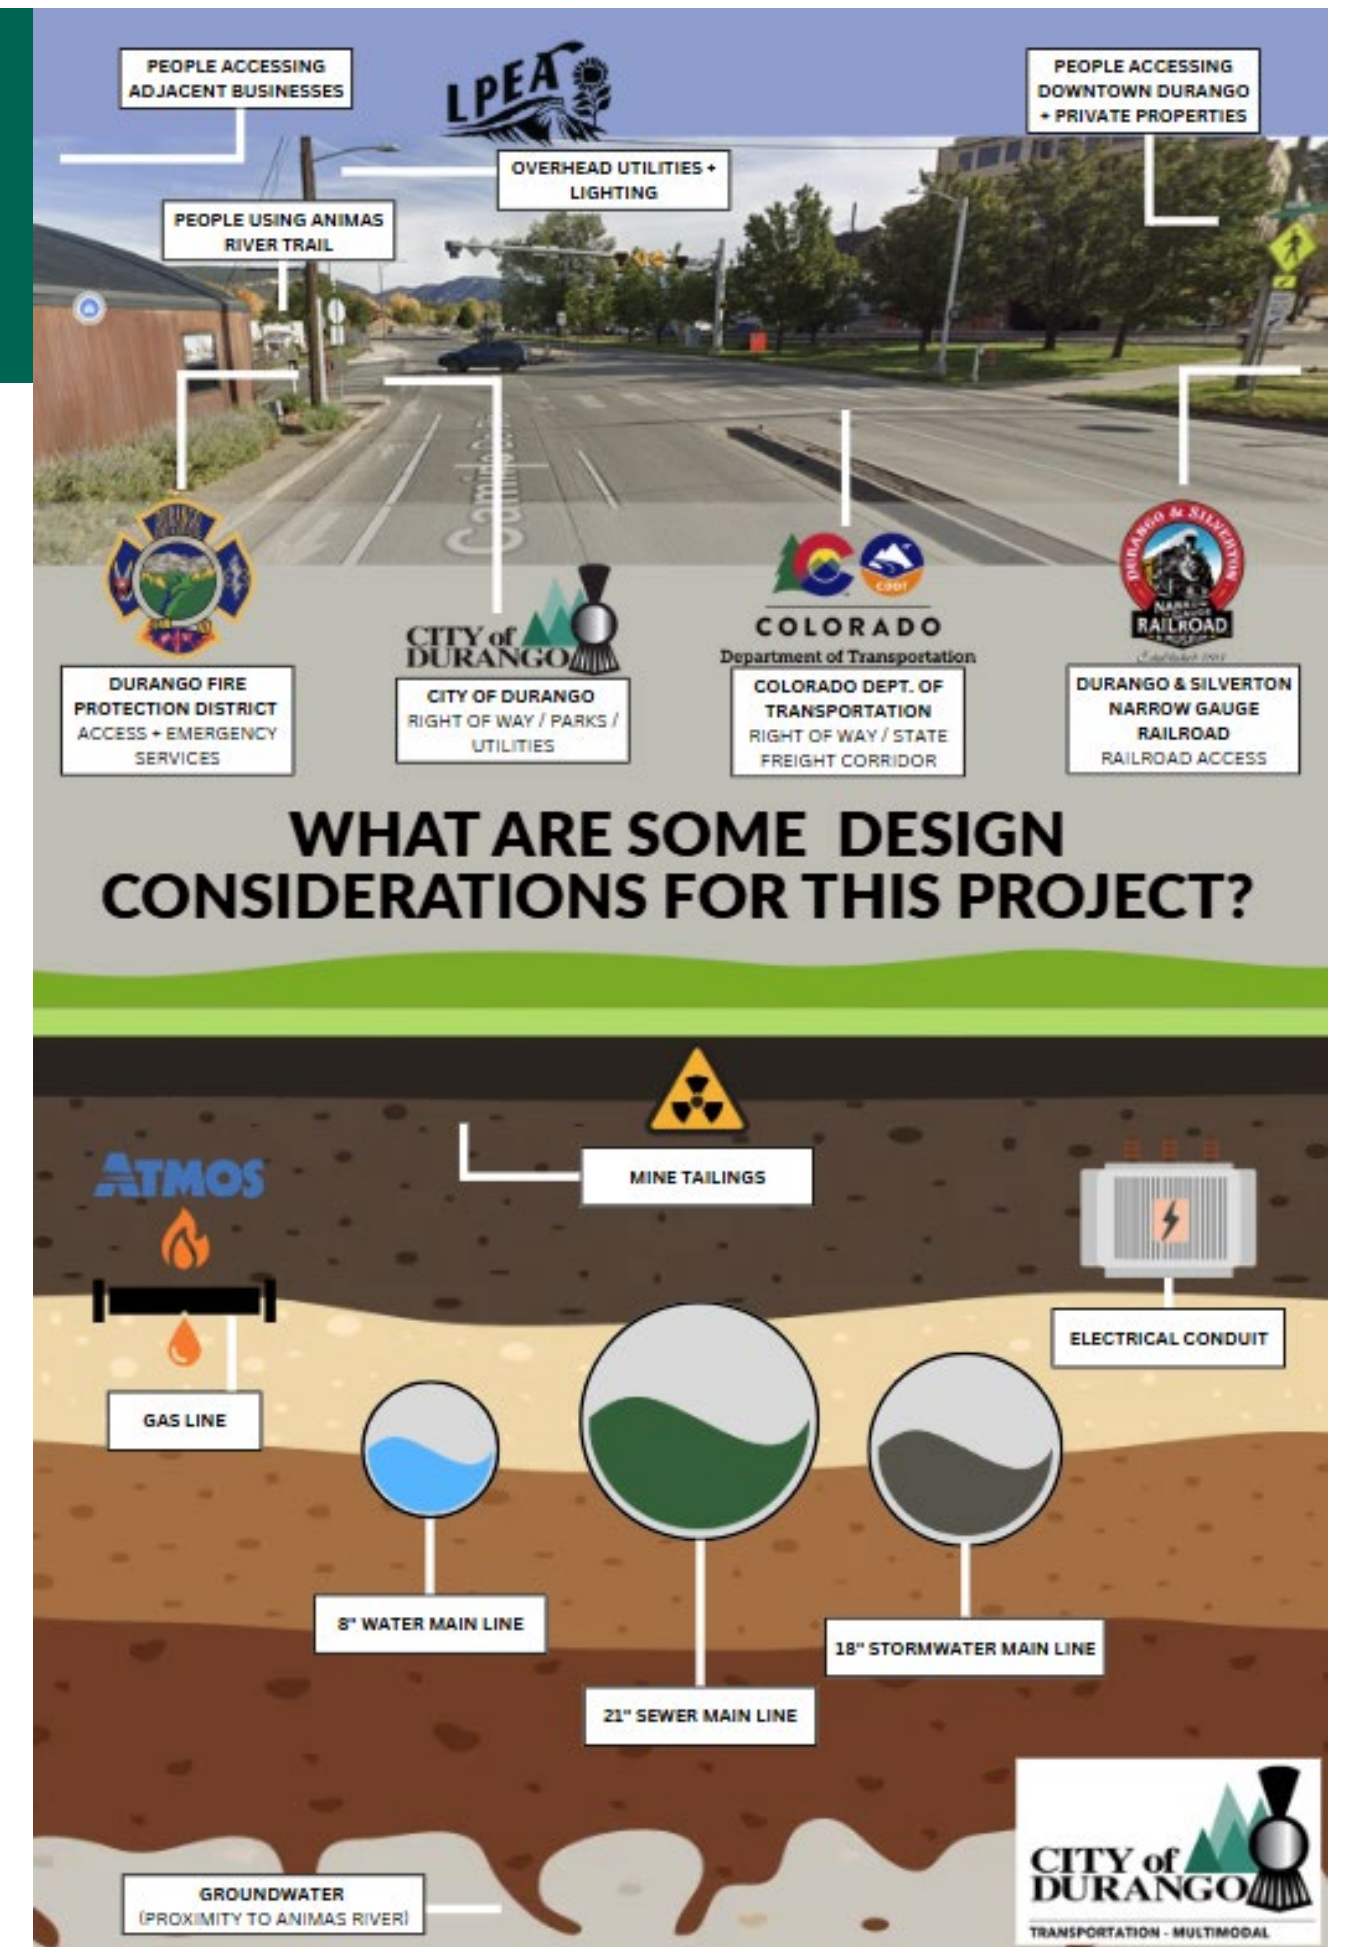

We are here

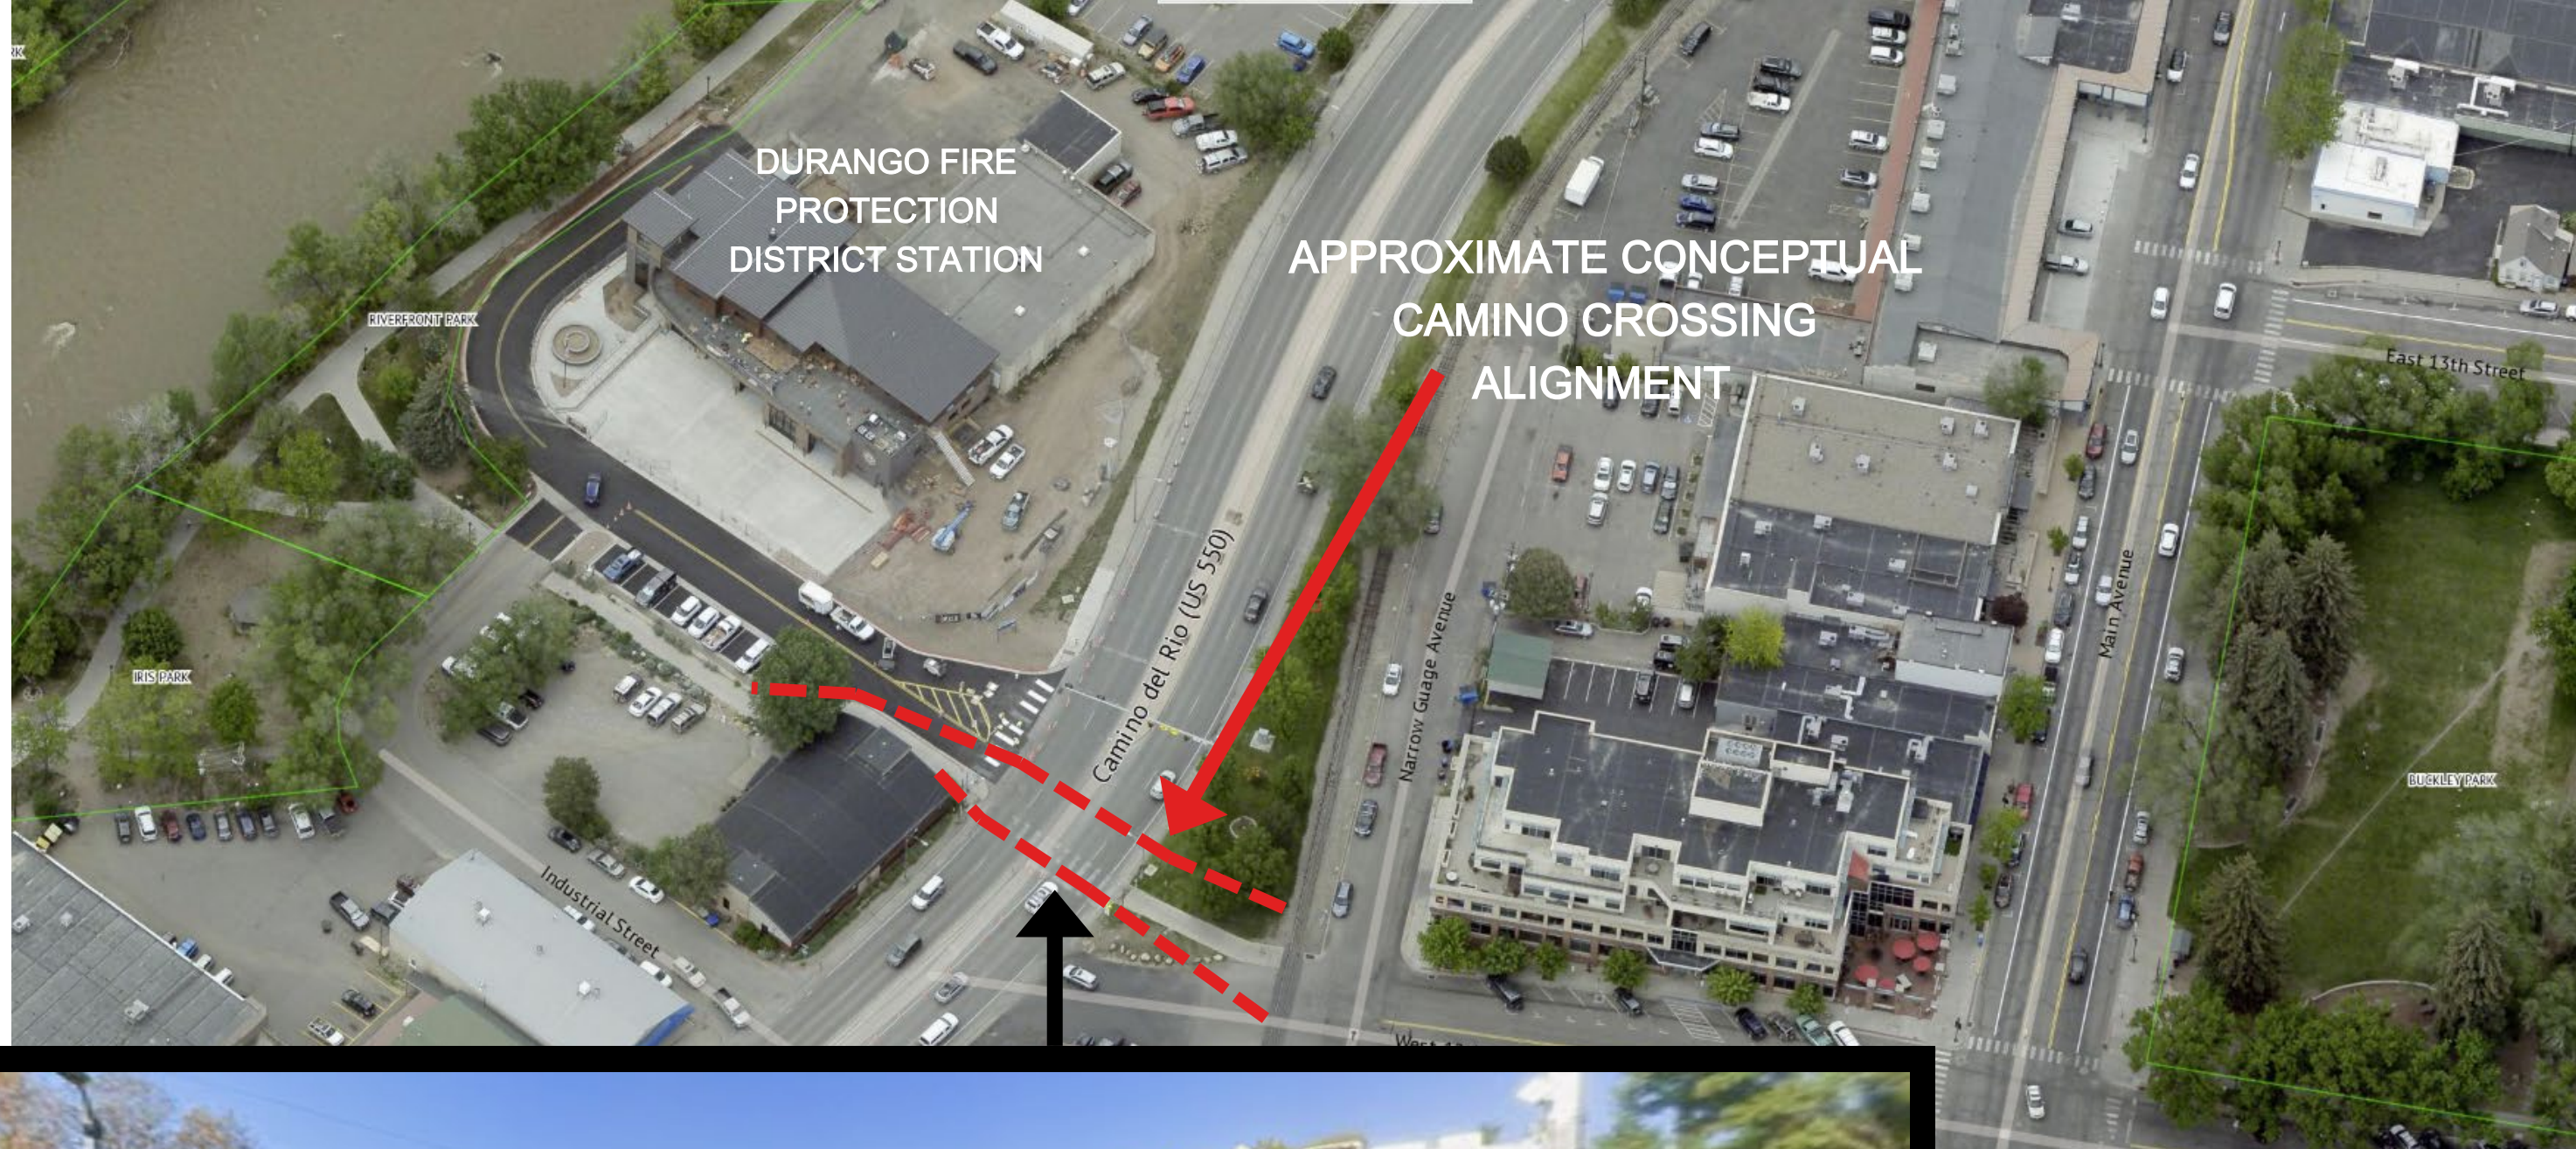

DESIGN UPDATE | CONSIDERATIONS

CONSIDERATIONS:

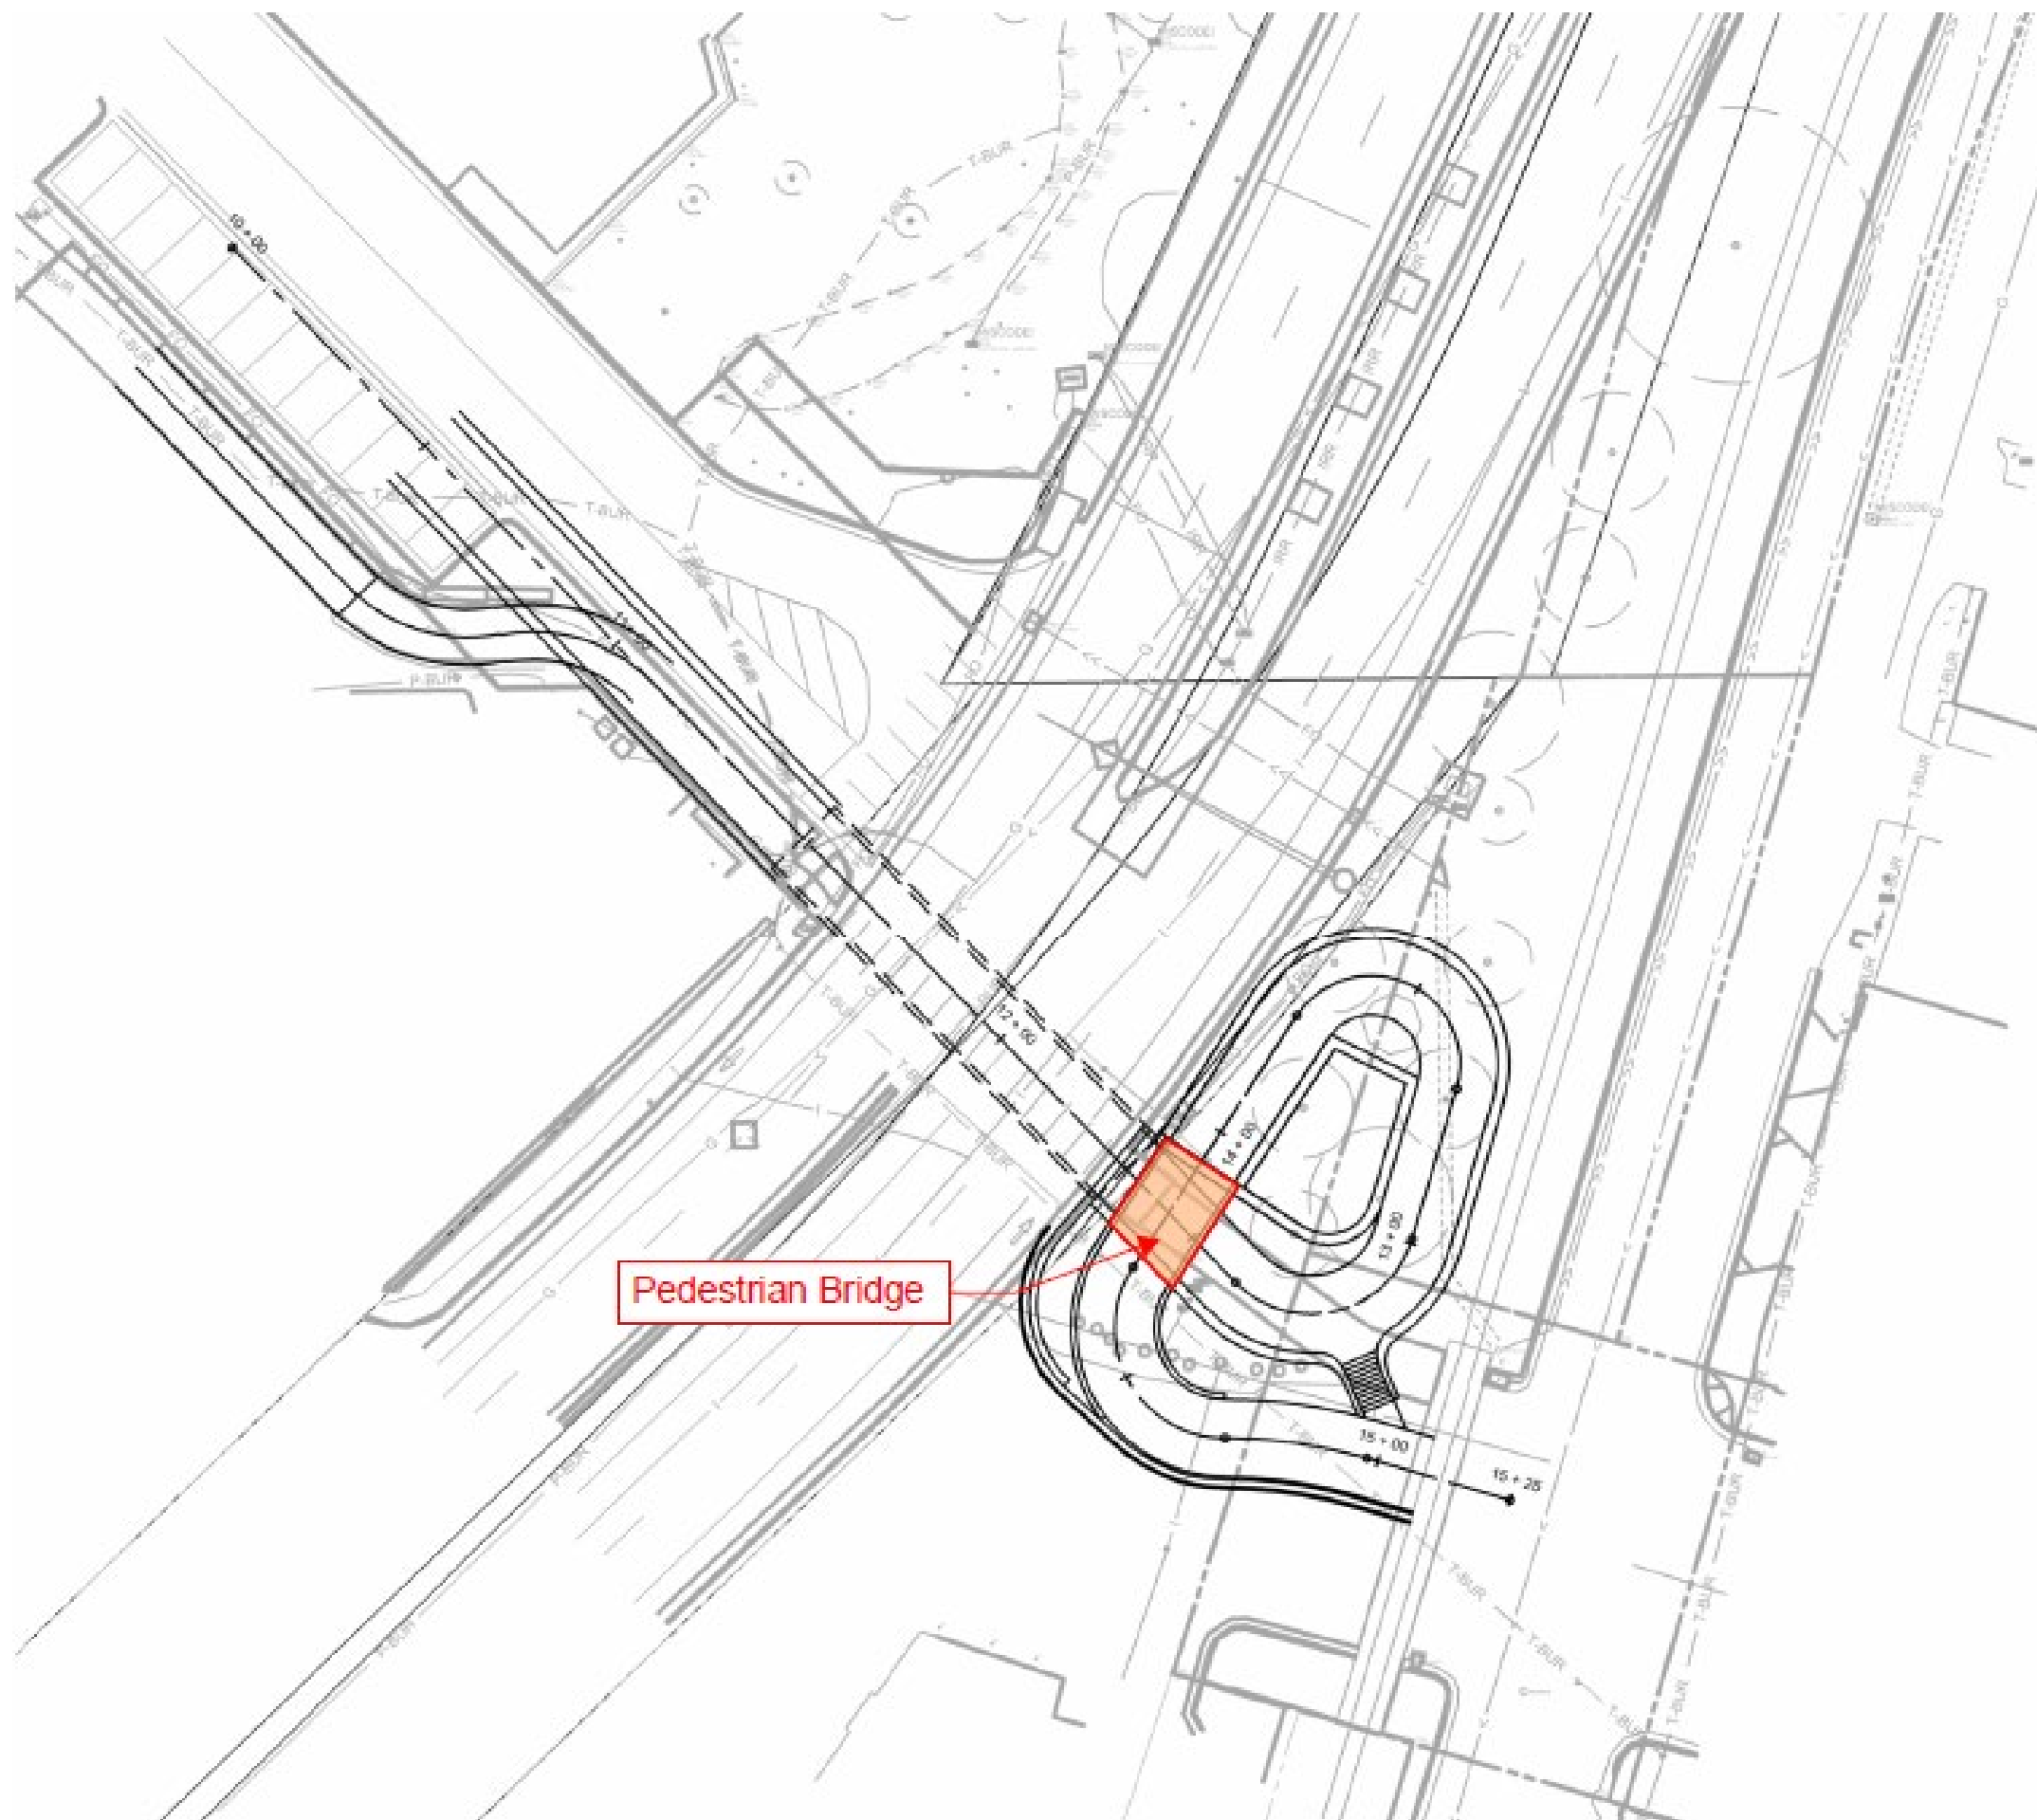

- UNDERGROUND UTILITIES:
 - WATER MAIN LINE
 - SEWER MAIN LINE
 - STORM WATER MAIN
- MINE TAILINGS
- ADJACENT CONTEXT:
 - ANIMAS RIVER TRAIL CORRIDOR
 - DOWNTOWN / ADJACENT BUSINESS ACCESS
 - DFPD STATION / EMERGENCY ACCESS
 - BACKCOUNTRY EXPERIENCE / DURANGO JOES
 - TOWN PLAZA PROPERTY ALIGNMENT
 - 12TH STREET / POWERHOUSE ACCESS
 - CDOT STANDARDS
 - RAILROAD STANDARDS
 - SIGHT LINES, ALIGNMENT, STRUCTURAL LOADS

CONSIDERATIONS:

- SPEED OF AUTO TRAFFIC
- SIGHT LINES
- CONFLICT POINTS
- INTUITIVELY LOCATED
- SLOPE + STRUCTURAL STANDARDS

DESIGN UPDATE | CURRENT CONCEPT

HIGHLIGHTS

- COMPACT DESIGN
- SLOPE / ACCESSIBILITY STANDARDS
- INTUITIVE LOCATION
- REDUCES CONFLICT POINTS
- RAILROAD CROSSING REMAINS
- STAIRS & RAMP (MULTI-USE)
- REDUCES LANDSCAPE IMPACTS
- REDUCES TUNNEL LENGTH
 - REDUCES COST
 - INCREASES SAFETY
- REDUCES PROPERTY ACQUISITION NEEDS

*NOTE: CITY IS WORKING WITH SEH TO EXPLORE
ALTERNATIVE UTILITY ALIGNMENT OPTIONS*

TIMELINE FOR DESIGN PROCESS

Key Highlights

City is working with SEH on plans with updated alignment

City applying for grant funds, as available

City met with impacted adjacent property owners for feedback

City considering alternative utility alignment to advance project

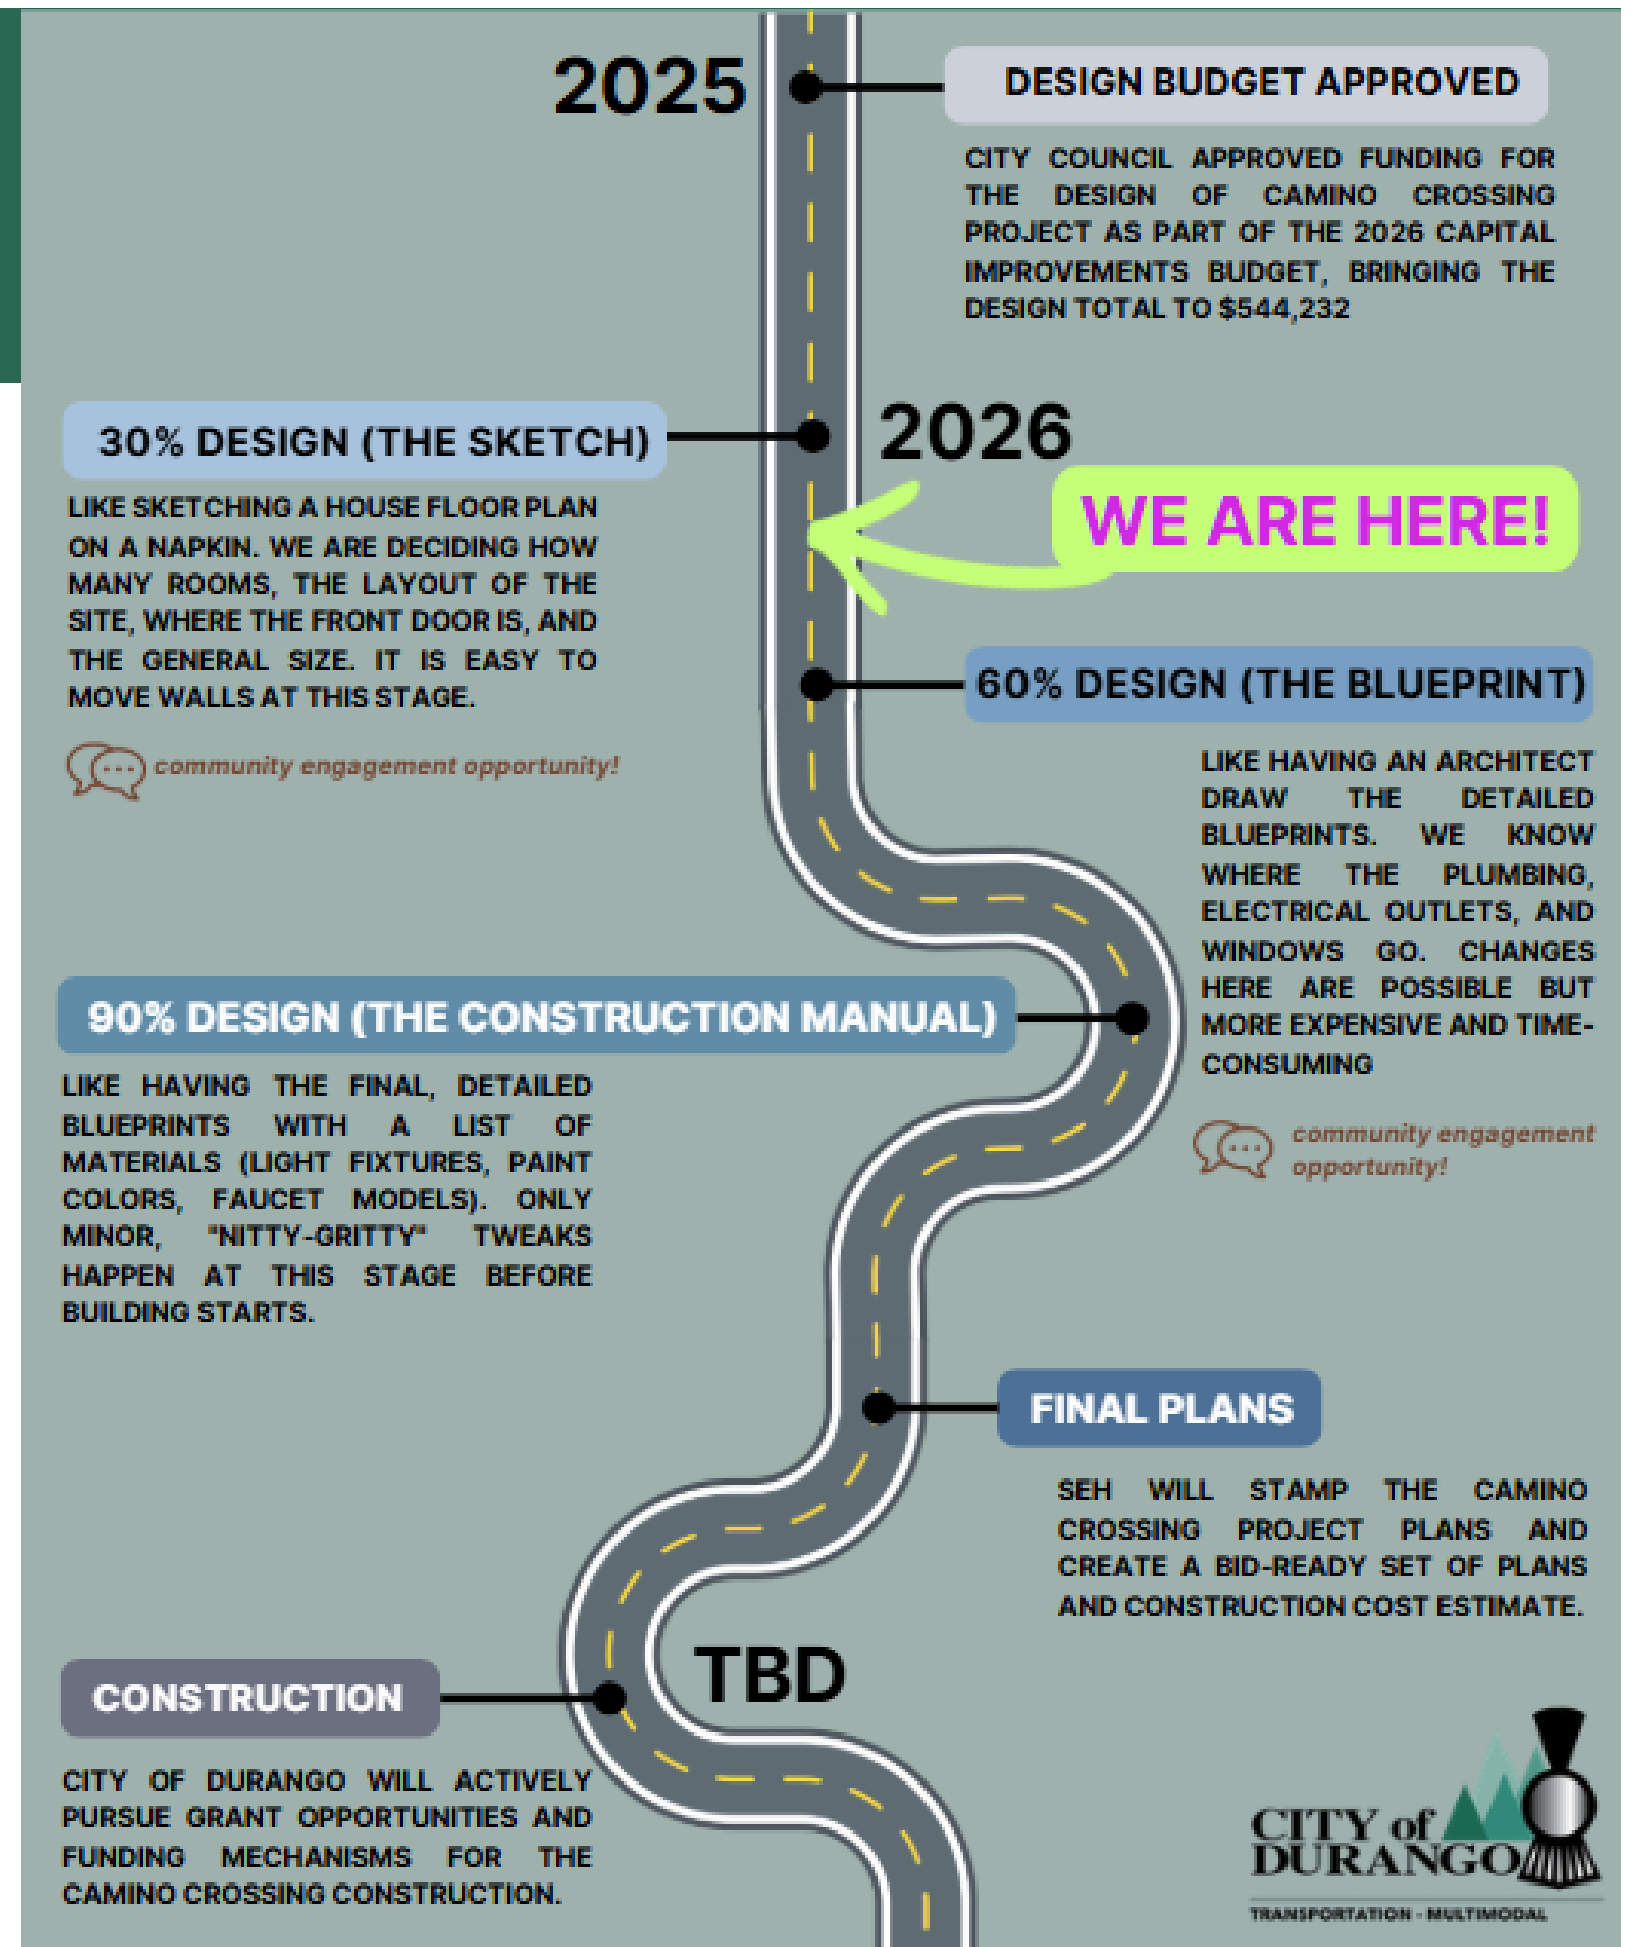

Ongoing Engage Page Project Updates

Progress is
steady

Project is on
track

Q + A

STATION BREAKOUTS

1

PROJECT BACKGROUND

Safety Concerns
Existing Conditions
Connectivity Challenges

2

DESIGN CONCEPT

Slope
Updated Alignment
Context / Surrounding Uses

3

PROJECT TIMELINE

Design Process
Funding Updates
Anticipated Construction Schedule

4
